Air France-KLM joins the Dow Jones Sustainability Index Worldwide and the Dow Jones STOXX Sustainability Index

On 7th September 2005, Air France-KLM has been selected as a component of both the Dow Jones Sustainability World Index (DJSI World) and the Dow Jones Sustainability STOXX Index (Europe), two of the major sustainability indexes worldwide.

The Dow Jones Sustainability World Index (DJSI World) consists of the top 10% of the largest 2,500 companies in the Dow Jones Global Indexes in terms of economic, environmental and social criteria. The Dow Jones Sustainability STOXX Index covers the top 20% in terms of sustainability of the European companies included in the Dow Jones STOXX 600 index. Air France-KLM is the only air transport group represented in these indexes.

Air France-KLM is now listed in the major sustainability indexes: DJSI World and STOXX, ASPI Eurozone and FTSE4Good.

The inclusion in these indexes is the recognition of the Group's continuous efforts to combine economic development with social and environmental responsibilities.
